Who is Responsible?

We had a hearty laugh to ourselv over the correspondence below, whi we find in a late New Zealand paper. seems that some one who acted the pa of Jack Ketch, at the hanging of a n tive there, had got a rope for the pu pose from a Mr. Bevan. After the mat ter was over, Mr. Bevan demanded pa for the rope, and could find no one to fork over the change—it being altogether an official affair, no one was willing to advance his private funds. Bevans—like his great English prototype, who settled one of the most important British rights by a suit for twenty shillings—sues Mr. Ketch, and gets judgment for 4s. 6d.; but the execution against Ketch having returned "nulla bona," the plaintiff is mulcted into cost. His ire being up, he applies to the highest colonial authorities for the amount of the rope, and the following is the correspondence—it's rich:

Wellington, 2nd Sept. 1849.

SIR—I have the honor through you to solicit, that His Excellency will be pleased to order payment to be made to me for a rope I supplied to the public service, for the purpose of hanging Maroro. I may state that I have applied to the Sheriff and the Hangman for the payment, and have failed in recovering the amount, and therefore as a last appeal, I apply to His Excellency, and beg to state that unless the sum is paid for, I shall never supply a rope for similar services again. I have the honor, &c.,
GEORGE BEVAN.
A. Domett, Esq., Col. Sec.

Colonial Secretary's Office,
Wellington, 3rd Oct. 1849.

SIR—In reply to your letter of the 28th ultimo, in which you request that payment may be made for a rope supplied by you for the public service, I am directed to inform you that the Government cannot entertain the case which is one of simple debt, and must be recovered in the usual manner.
I am Sir, &c.,
ALFRED DOMETT, Col. Sec.
Mr. George Bevan, Wellington.

DEPARTURE OF THE "SACRAMENTO."—This beautiful craft took her departure from T wharf, on Wednesday morning, for Sacramento City, California.—She is the second vessel of the same line, which has been loaded and cleared within the past fortnight. The Sacramento registers 172 tons, and her manifest shows a very valuable cargo. Her freight list amounts to upwards of $12,000, which proves her to be an unusually large carrier for her tonnage. She was launched about six weeks since from the yard of Mr. Samuel Hanscom, Jr, Portsmouth, N. H., and is in every respect a superior vessel. Her keel was laid expressly for the navigation of the Sacramento river, and her light draft of water will insure a safe navigation of the 140 miles on the Sacramento, being the nearest point to the gold diggings The Sacramento is fitted with every appointment to insure her a quick passage, and under the command of her experienced captain, her owners have every confidence of a speedy and prosperous voyage. The Sacramento goes consigned to Mr. David Page, recently of this city.—[N. Y. paper.

The Eastern, Md. Star, relates the following incident:

It appears that a young man, who resided in Easton a few years ago, by the name of F******, and afterwards removed to the village of R——, a few miles from C——, became enamored of a young lady in the neighborhood, the daughter of a widow C——, to whom he afterwards became engaged to be married, but from opposition on the part of the parents, both of whom were then living, or some other cause, the consummation of their plighted vows" was deferred. Thus matters stood until a few weeks ago, when the wily mother sent the confiding and unsuspecting daughter on a short visit to C——, and during her absence drove into town in dashing style in company with Mr. F and actually *—married him herself!* The astounding news of her mother's marriage threw the poor girl into spasms, and at one time her life was despaired of, so overpowering was the shock that fell upon her young and confiding heart. Her mother is said to be about *forty-five* years of age, and has been a widow only about *six months!* Strange world this!

MRS PARTINGTON ON EDUCATION.—"For my part I can't deceive what on airth eddication is comin' to. When I was young, if a gal only understood the rules of distraction, provision, multiplying, replenishing, and common dominator, and knew all about the rivers and their obituaries, the covenants and dormitories, the provinces and the umpires, they had eddication enough. But now they have to study bottomy, Algier-bay, and have to remonstrate suppositions about sycophants of circuses, tangents and Diagonies of parallelograms, to say nothing about the oxhides, cowsticks, and abstruse triangles." And the old lady was so confused with the technical names that she was forced to stop.

OHIO.—A law has passed the lower house of the Ohio Legislature, and will pass the Senate, it is said, making it a penal offence in any person to interfere for the purpose of affording any aid in the arrest, or detection, or surrender of fugitive slaves.

DAILY PACIFIC NEWS.

J. WINCHESTER.....EDITOR.

Tuesday, May 7, 1850.

APPOINTMENT BY THE GOVERNOR.—May 4, J. WINCHESTER to be State Printer, in place of H. H. ROBINSON resigned.

Rebuilding of the Burnt District.

To see what has been accomplished since the fire, by those interested within its bounds, is a matter of astonishment to those who have not a full conception of California enterprise. Already the sound of the saw and the hammer is heard in a thousand reverberations from the late theatre of smoke and flame; and two weeks more will not elapse until the hum of business will enchant us from the present aspect of desolation.

Yesterday afternoon we took a circuit among the ruins, and the whole surface of the ground seemed to be alive with the note of preparation. Among those who seemed to be leading off in the race of improvement, we especially noticed the enterprise of J. B. Hart, Esq., on the lot formerly occupied by the Parker House, on Portsmouth square. This gentleman had nearly completed a most gorgeous saloon, which was to have been opened to the public on the evening of the day the fire destroyed it. Yesterday he had the foundation laid, on the same ground, of a building running back 135 feet by 75 feet front, part of which is to be three stories high, one part of which is to be finished in twenty days, and the whole completed in a month. B. F. Davega & Co., formerly next to the Empire, on the south, have leased the land, and last evening had a building well under way. On Washington street, below Kearney, Neall & Smiley, F. M. Warren & Co., J S. Moore & Co. and the late Baltimore Restaurant, are all rapidly building. Goldstein & Co., on Washington near Montgomery; Backus & Harrison, Clay street near Montgomery; Chinese Restaurant, on Jackson street, near Kearney; the Bella Union, on Washington, opposite the square; Cooper & Co. Kearney street, and J. Leclerc, on Jackson, between Kearney and Dupont streets, were all busily going ahead, and will have their places of business open in a day or two. We may have omitted other parties who are in an equal state of forwardness, but if so we shall take great pleasure in being the medium of giving publicity to their enterprise.

TO ADVERTISERS.—We desire those of our advertisers who wish to change or alter their notices, to apprise us as early as 3 P. M. as at that hour the outside form is made up for the press. We also wish them to leave their favors as early in the evening as possible, as we find it impossible to get all the advertisements in type till nearly daylight, by which the printing and delivery of the paper to subscribers is kept back till a late hour in the forenoon.

☞ We are again crowded out of our limits by the pressure of advertisements, and still we have no remedy for it, for the Sarah Sands won't come. We shall pass an act of outlawry against her if she don't arrive within a month or two. Perhaps she is helping the Chesapeake cut wood somewhere about Point St. Lucas.

CORRECTIONS AND ADDITIONS.—B. F. Dorego, on Kearny street, should have been B. F Davega & Co.—their correct loss is $21,000 on their own goods, and $9,009 on consignment. The house had ordered an insurance in New Orleans on a part of their stock, but do not know whether it has been effected.

Loss of the Empire house corrected, $60,000—of Ward's Court, $80,000.

Devoitine, on Washington st., instead of Devotion, lost $7,000.

F E. Page, Washington arcade, $2,500. Raymond & Letter, restaurant, Washington street, $3,500. Cretcher & Strowe, Ohio, house, Jackson street, $3,000. Denny & Calvin, Painters, Washington street, about $7,000.

THE FIRE DEPARTMENT.—Among those who were pre-eminently conspicuous in staying the devastation of the late fire, no class of our people should have more honor accorded to them, than those of our fellow citizens who are embodied as the nucleus of the fire department in San Francisco. On the morning of Saturday, under their intrepid chief engineer, F. D. Kohler, Esq, to them is to be wholly attributed the fact that the fire did not cross Clay street to the south; and if it had done so, nothing could have stayed its progress this side of Happy Yalley. In order to render this corps efficient, much must be done by the city to afford those facilities which are required for their proper efficiency.

REMARKABLE PASSAGE.—The quickest passage on record, so far as we know, between the ports of New York and San Francisco, is that made by the ship Samuel Russell, which arrived yesterday in 109 days! She is described by our marine reporter, Com. Martin, as a beautiful craft, as she has proved herself an unequalled sailor.

Election for Justices of the Peace.

By reference to the official notice of Judge Morrison, in our advertising columns, it will be seen that the election ordered for the 10th instant, as well as the division of the county into *four* districts or townships, has been rescinded, and the time for holding the election fixed for *Saturday next*, the eleventh.

This change has been owing to the want of a full knowledge of the provisions of the law upon the subject, in consequence of its non-publication, and also of the absence of an authenticated copy. It will be observed that the county is now divided into *two* townships only, electing each one Justice and one constable.

☞ Messrs. Burgoyne & Co. sent us, yesterday, the following note, which we publish with feelings of peculiar gratification. We know Capt. CAVE right well, as during a six month's voyage round Cape Horn with him in the good ship *Tarolinta* (the "Floating Rose") gave us ample opportunity. Capt. Cave had just returned from a successful voyage to China. Mr. Griswold is well known as one of the wealthy and extensive merchants and ship owners of New York (G. L. & N. G. Griswold) and is a young man of noble heart and winning manners.

Gentlemen—We are happy in having it in our power to furnish you with the name of Capt. Cave, of ship Tarolinta, and her owner, Mr Charles Griswold, with the crew, who rendered such efficient and valuable service at the disastrous fire on the morning of the 4th, when our banking house was saved from destruction. We are, gentlemen, your ob't serv'ts, BURGOYNE & Co.

Monday, May 6, 1850.

RECORDER'S COURT.—City Recorder Tilford opened the regular sessions of his court yesterday morning. Quite a number of cases came up, all of which were disposed of in that quiet, unassuming, yet firm manner, which, while it assured the offender that he should have the full benefit of a patient hearing and impartial decision, equally assured the numerous spectators of the will and power to act so as the most watchful guardian of the great interest of this city can but approve.

For the present the daily sessions of this court, commencing at 9 o'clock A. M., will be held in the Superior Court room, until the apartment designated for the Recorder is completed.

THE FIRE.—A lithographic print of the late destructive fire has been issued and is for sale by W. R. Cooke & Co., Portsmouth Square. It gives a very correct view of that portion of the city burnt down.

FOR TRINIDAD.—The bark Hector will sail to-morrow for Trinidad Bay. Those who wish to visit that new region will find this an excellent opportunity.

DOINGS OF THE POLICE.—Yesterday officer Meredith communicated the fact to the City Marshal that fire-arms were seen carried into a certain house in the south west part of the city under suspicious appearances. Together they proceeded to the spot, found five new shot guns, and arrested one man, Henry Jackson, one of our promising emigrants from Sydney. There is undoubtedly a nest of these characters somewhere in this city, and we should not be surprised to see a goodly number of them in the hands of the Police shortly.

A quantity of clothing, and shoes were also found in various parts of the city and taken to the station house.—Such persons as have lost property of this class, by handing to the officers a written description will have all articles handed over that can be identified.

A set of mercantile books have also been found, and can be had by the owners upon calling at the station house.

NEWSPAPER, PERIODICAL AND BOOK STORE.—The enterprising STILL, who was so unceremoniously ejected from his store in Washington street, on the Plaza, is again under way and ready to supply the people with the latest books, periodicals, stationery, &c. His store is now located under the St. Francis Hotel, and a new name, that of Mr. Conner, of New York, appears in connection with that of Mr. Still. With a pair of young men, with the energy and business tact possessed by these gentlemen, they ought to make a California fortune Look at their advertisement, and give them a call.

Office of the Board of Health,
May 6, 1850.

Agreeably to an act of the Legislature of the State of California, constituting a Board of Health for the Port of San Francisco, the members of said Board, consisting of his Honor, J. W. Geary, Mayor of the city, and President of the Board. Dr. L. Hubbard, Resident Physician, Dr. J. H. Rogers, Health Officer, and Dr. J. F. Thorp, Health Commissioner, Secretary, convened and the Board was declared duly organized.

On motion, it was Resolved, That the Resident Physician, Health Officer and Health Commissioner be authorized to procure a suitable building for a *Marine Hospital*.

On motion, Resolved, That Drs. Rogers and Thorp be authorized to procure a boat for the use of the Health Officer.

On motion, Resolved, That the Secretary be authorized to procure stationery, safe, and the necessary furniture for the use of the Board.

On motion, Resolved, That the President of the Board and Resident Physician be appointed a committee to draft by-laws for the regulation of the Board.

On motion, the Board adjourned.

J. W. GEARY, President.
J. F. THORP, Secretary.

Common Council.

BOARD OF ALDERMEN.

At seven o'clock last evening, May 6th, the board convened at the City Hall, in the room appropriated for their sessions. The board came to order by calling Alderman Macondray to the chair pro tem.

On motion of Alderman Stuart, the board proceeded to ballot for chairman. On the first ballot Wm. Green received 4 votes, A. A. Selover 2, Charles Minturn 1. M. Green receiving a majority of all the votes cast, was declared duly elected.

The next business was the election of Clerk of the Board of Aldermen.

On the first ballot John B Bispham received 4 votes, H. W. Dodge 2, and —— Butler 1. J. P. Bispham was declared duly elected, and took his seat.

No other officers were elected by this body last evening.

On motion of Ald. Selover the chair appointed a committee of two members, to form a joint committee with a like number from the board of Assistant Aldermen, to wait upon the Mayor, and inform him that both branches of the Council had organized, and that they were ready to receive any communication from him.

On motion of Ald. Minturn, the committee were instructed to inform the Mayor that they would be in session on next Thursday evening, to receive his communications.

On motion of Alderman Minturn, the chair appointed the following standing committees:

On Finance—Gillespie, Selover, Macondray.

On Streets—Minturn, Mott, Macondray.

On Fire and Water—Macondray, Selover, Gillespie

Health and Police—Macondray, Stuart, Minturn.

On Judiciary—Mott, Gillespie, Macondray.

On Ordinances—Stuart, Minturn, Gillespie.

Alderman Gillespie presented a resolution to have a committee appointed to investigate the affairs of a late Ayuntamiento, and make report to the Council. Laid over until next meeting.

Ald Selover introduced a resolution to increase the police of the city. Carried.

On motion of the same, the Chair appointed a standing committee on salaries, consisting of Messrs Stuart, Macondray and Minturn.

The Chair presented a communication from the Street Commissioner, in regard to the condition of the streets, and the obstructions in many of them.

On motion of Alderman Gillespie, the Street Commissioner was empowered to remove all unnecessary obstructions; and was also instructed to have Broadway regulated at Clark's Point.

The Chair read a communication from Ald Burgoyne, informing the Board of his expected absence for a few months.

Ald Gillespie presented a petition from R. N. Morrison, Judge of the Court of Probate, asking the Council to unite with the county authorities in regard to providing public buildings in concert. Referred.

On motion of Alderman Minturn, the Board passed a vote of thanks to Mess. Starkey, Janion, & Co., for bestowing the use of their engine during the late fire. By motion of Alderman Stuart, the motion was amended by ordering it published in one or more papers of this city.

On motion of Alderman Selover, a committee of two was appointed to act in conjunction with the city surveyor, for the purpose of laying off the city into wards. Messrs. Selover and Minturn were appointed said committee. The chair presented a petition, numerously signed, from residents in Happy Valley, asking for an increased police force in that part of the city. Referred to the appropriate committee.

On motion of Alderman Stuart a station house was ordered to be erected on Clark's Point.

On motion of Alderman Selover, a joint committee of two was appointed to report upon the number of rooms required for the use of the city in the new hall, with the object of renting out the remainder. Messrs. Macondray and Mott were appointed said committee.

Alderman Gillespie introduced a resolution of inquiry as to the amount and price of the material furnished for the improvement of the City Hall, those having the contract for same, &c. Laid over till next meeting.

ASSISTANT ALDERMEN.

This branch of the Common Council met at the same time as the other board in their room on the south front of the hall. A. Bartol, Esq., was elected chairman, and Dr. W. J Grover, clerk. We were unable to send a reporter last night to this branch, and cannot give the detail of their proceedings as we would wish, and as we shall do in future. Most of their business last evening, we understand, was taking action upon the same subjects as employed the Board of Aldermen.

THE FLEET.—A fleet of over thirty sail entered our harbor yesterday, bringing large cargoes, and from 600 to 800 passengers.

A CARD.

BURGOYNE & Co. tender their most sincere and grateful acknowledgments to the gentlemen who assisted with so much energy in saving their Banking House from destruction during the late disastrous conflagration.

To the Fire Department, headed by their efficient Chief, Mr. Kohler, are they also under many obligations. Our friends, Messrs. Starkey, Janion & co., very kindly sent to our assistance, their large engine, proving of great service, for which they have our many thanks. 8 o

A CARD.

WE desire hereby to return our sincere thanks to our friends, by whose exertions our property was saved from destruction on Saturday last; and to our old fellow citizens—"the Baltimore boys"—we can never be sufficiently grateful.

COMMERCIAL NEWS.

SAN FRANCISO MARKETS.

Monday Evening, May 6.

The exciting scenes of Saturday made too great an impression on the minds of the community to allow any attention to be given to matters of trade, upon that day, and business has not yet resumed much activity. Houses of good size, with heavy frames, are in request, and several sales have been made to-day at double the prices heretofore asked. Holders of lumber are asking advanced prices, and there is somewhat more demand, but it is evident that the advanced rates cannot be sustained. $70a75 is currently demanded, for lumber afloat, and $60 for bricks, the latter article having nearly doubled in value since the fire. Rents have also felt its effects, and have materially advanced in all good locations. Sugars and coffee remain at high prices. Sales of 300 boxes case brandies, for which seven dollars has heretofore been a current price, were closed to-day at ten. A lot of candles, to-day, were sold at an average of 57½c, being the lowest sale yet made. It is understood that the Samuel Russell, just arrived, has a considerable supply. Oysters, in half gallon cans, and in good order, were closed to-day at $3. Tobacco is still advancing; holders are asking 30c for common plug. The flour market continues firm. Sales of small quantities were made on Friday at $13.50 for whole sacks. For large quantities, prices may be quoted at $12.50a12.75, and $6.50a6.75. A meeting of the Chamber of Commerce was held last evening in sacramento street, corner of montgomery. There being but small attendance. Randall Meacham, Esq., was called to the chair. After some debate as to the propriety of further delay before the election of officers, it was finally resolved to adjourn to Thursday evening next, at the same place, and that a general attendance of the merchants be particularly requested by all present.

ONE HUNDRED DOLLARS REWARD. Lost at the late fire, a small sized carpet bag, (dark colored,) having a leather bottom, on which was subscriber's name. Said bag was fastened in the centre with a small padlock, and is supposed to have been taken by mistake, with other baggage, from lane running from Washington to Jackson streets, in the rear of the Napoleon Restaurant. The above reward will be paid by leaving the bag or giving information thereof, at the store of Henriques & Echbaum. Jackson street, four doors below Montgomery st.

WILDER'S Salamander Safes—Rich & co.'s patent—The genuine salamander is the only safe among the many purporting to be fire proof, which has in all cases proved to be so. It has been severely tested at different times, and no instance can be adduced where one of Rich's make has failed to preserve its contents. The superiority of these safes consist in their being not only fire proof, but free from dampness. They are made of stout wrought bar and plate iron, rivetted in the most substantial manner, and lined with a chemical preparation which is a non-conductor of heat, and cannot be destroyed by fire. EMPIRE CITY.

FOR Sonorian Camp, Wood's Diggings, Sullivan's, Hawkins's and Don Pedro's Bars, head waters of Tuolumne, Merceles, and Mariposa Rivers; also, to head waters of san Joaquin and King's River FREIGHT OR PASSAGE TO EMPIRE CITY, TUOLUMNE. DURFEE & TOWNSEND have established a daily line of sailing vessels from san Francisco to the above city, situated on the south-easterly bank of the Tuolumne river, thirty-five miles above its mouth, and are prepared to carry freight or passengers.

This route is the only one which can be really said to extend, by water, to the very gold field. The city stands at the head of navigation on the Tuolumne river, where the low hills of the Sierra Nevada meet the plains of the san Joaquin, and is not only accessable by sufficient water at all seasons of the year, but the roads to the mines, from that point, are good in wet or dry weather. Goods shipped to Empire City, Tuolumne, save from 25 to 60 miles of land carriage over any other depot for that gold region, avoiding soft roads, expensive ferriage, and personal discomfort.

Persons shipping goods, or taking passage, may rely upon promptness in dispatch, speed in transit, and great saving in time and expense.

For freight or passage, apply to messrs. Turner, Fish & co., foot of Jackson street, san Francisco. or to the subscribers, Empire City, Tuolumne. April 29, 1850.
cxxxii tf Durfee & Townsend.

EMPIRE AND CRESCENT CITIES.

THE survey of this town being completed at the head of navigation on the Tuolumne river, and numerous lots sold and houses erected, designed originally to bear the name of Crescent city, the subscribers, owners of lots in said town, learning that a plot of ground on the northwesterly bank of said river, two miles below, surveyed and laid out last year, still insists upon its rights and advantages as a place for a city, have concluded to leave to the town plot alluded to the beautiful name of Crescent city, and adopt one quite as appropriate, if not so beautiful.—Henceforth, therefore, we claim the name of Empire city. The map will be deposited in the proper offices, and the change in name noted.

Empire city stands on the southeasterly bank of the Tuolumne river, and is the only point accessible by water at all seasons, immediately contiguous to the gold fields of Tuolumne, Merced, Mariposa and San Joaquin rivers. It is at the head of navigation on the Tuolumne river, 35 miles from its mouth. Those persons wishing a settlement in the country are desired to visit it, and examine its advantages over any of its competitors. Signed—Philo Durfee, Edwin D. Townsend, Wm. J. Marcy, W. H. Willson, Joseph B. Miller, Wm. M Rowlett, Thomas J. L. Smiley, David Turner, Edward S. Townsend, Edward Conway, Henry E Perrine, J. B. Lattimer.
